AUSTRALIA

School Partnership Information

2022

Message from our leaders

The founders of Speakers' Corner have spent over 7 years working with some of Sydney's leading schools to improve their debating programs. We have worked at schools like St Ignatius' College, Riverview, St Aloysius' College, MLC, Menona, Kambala, and many more schools as co-ordinators, head coaches and coaches.

We understand that co-ordinating a debating program for numerous students can be a stressful job for teachers at the best of times. We use our expertise to expand our partner schools' debating program, while easing the administrative burden on teachers.

We use our expertise
working at Sydney's leading
private schools to expand
your debating program at a
minimal cost to your school

The Benefits

01. The Best Coaches in Sydney

Having been involved in university debating, we use our connections at universities to find the leading coaches in Sydney. Our coaches have usually coached at some of Sydney's best private schools and also coached rep teams, such as the NSW State Team, the GPS Team or the Archdale Team.

02. Massive scaling opportunities

While many schools have debating programs, we provide an opportunity to easily up scale the program. More students can comfortably get involved in debating, and we can offer classes across multiple days to meet student demands

03. Reduced admin burden

We handle communications with parents, deal with student absences, organise coaches and class numbers. This eases the administrative burden for the staff at the schools we work with.

The numbers so far

20+

Classes per week at various schools

25+

Coaches employed, with access to a large network of additional coaches

3000+ Hours

of coaching experience (approx)

10+

Schools

Coached at

70+

Students

coached at a single school (Lindfield)
