

Speakers' Corner Australia

SCHOOL PARTNERSHIPS PROGRAM

WHO ARE WE

Speakers' Corner Australia is an organisation founded by the heads of debating at St Ignatius' College, Riverview and St Aloysius' College. We leverage our significant coaching experience alongside our administrative experience to deliver a high quality debating program to our partner schools. We are able to connect partner schools with coaches, provide teaching resources and provide competitions access

HOURRS COACHING

Our founders have over 3000 hours of combined coaching experience that allows us to ensure quality control

STUDENTS TAUGHT

Our programs have reached over 250 students so far, with constant positive feedback and high student retention rates.

NETWORK OF COACHES

We have a network of over 70 coaches, which is constantly expanding. This means we can recruit coaches efficiently.

YEARS COMBINED EXP

Our founders have 21 years of combined coaching experience and have worked at over 10 different schools.

HOW WE CAN HELP

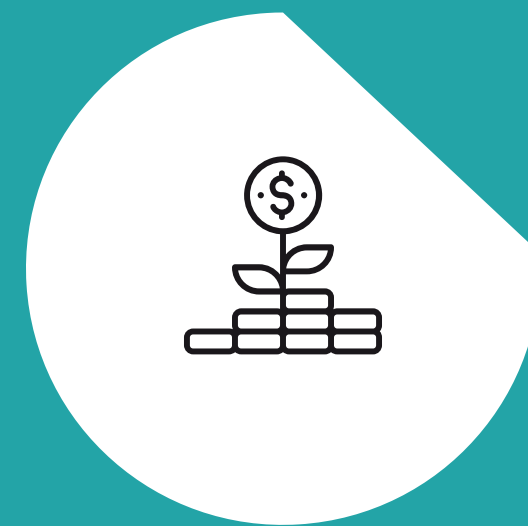

SCA has experience working with numerous schools to deliver both social and competitive debating programs. We are able to ease the administrative and resource pressures traditionally associated with running debating, while connecting our partner schools with world class coaches, programs and training resources.

01

COACH QUALITY

Schools often wish to improve coach quality, but struggle with recruitment. SCA can connect schools to its network of high quality university debating coaches, while also providing training to existing coaches

02

STAFF PRESSURE

We understand that there are resourcing pressures to have staff stay on campus to run debating on Fridays. SCA can take over the administrative management of the debating program so that limited staff assistance is required.

03

COMPETITIONS

SCA can provide schools with access to numerous national and international tournaments as well as the coaching to go with it. This means more students at schools can participate in debating and the program can achieve scale easily.

BENEFITS OF SPEAKERS' CORNER

In addition to providing coaches, Speakers' Corner engages a series of back-end staff who are dedicated towards ensuring the seamless delivery of coaching. Our back-end staff are dedicated to creating teaching resources, coordinating and recruiting our coaches, handling accounts and payroll, and providing general admin support. Speakers' Corner Fee also accounts for us taking on extra hiring costs, where a replacement coach needs to be organised at a higher cost where quoted.

RESOURCES

Speakers' Corner Australia can provide training to up-skill existing coaches. We will also provide coaches with lesson plans, access to our specialised curriculums and a suite of training resources developed by our head coaches

RECRUITING

SCA has one of Sydney's largest network of coaches. We invest heavily in coach development, and 20 of our coaches have recently been selected to represent their universities internationally.

FEEDBACK

We will roll out feedback reports for every student in the program in consultation with the coaches. This will allow students to track their progress and identify areas for improvement.

COORDINATION

SCA will handle organising replacement coaches, taking rolls, conducting payroll and fielding any queries as necessary. We can also take on any additional administrative burdens specific to the school as required
