THE BENEFITS

MY SCHOOL ALREADY HAS A PROGRAM - WHY SPEAKERS' CORNER?

- Speakers' Corner offers a program at par with those offered at Sydney's most expensive private schools, without any cost to the school
- The main benefits of our classes include:
 - Coaches with **multiple years** of experience, who have done debating **at the university level**
 - **Small class sizes** with a maximum of **8 students to 1 teacher**
 - **Multiple class options** across multiple days, allowing your school to **rapidly scale** its debating program
 - We **handle the administrative burden** of the classes, dealing directly with parents, handling scheduling conflicts, special requests, and providing progress updates.
- The upshot is that Speakers' Corner allows you to **scale your school's debating program** and exponentially improve its quality, without placing **any extra burden** on the school or its staff
